

Dear Sirs and Madams,

FM translator service is a very important part of my life and the lives of my six children. We listen to a station called K-LOVE which is heard on an FM translator. It is the only station I trust to have a clean show while other stations pour out the filth. My oldest daughter listens to a variety of stations and when I pass by her bedroom, I ultimately have to have her turn off the radio. This station allows us to know the events that are coming up in advance and is a great way of communicating. Please do not let anything happen to our station that we all trust.
